

Hail Damage Repairs

As a result of the hail storm that impacted many residents of our community, the Arrowood Board of Directors would like to remind everyone to ensure you submit an ARC Request before making any repairs.

The Board will make every effort to expedite these requests.

COPYRIGHT 2015 CENE HOWARD

Please note that the Declaration of Covenants, Conditions, and Restrictions for Arrowood Homeowners Association prohibit the installation of signage on the property for reasons other than for sale or rent, and regulate the size and number of signs. Due to the recent hail storm, it was noticed that many homes currently have contractor signs installed for work that is being completed on the property. This is a violation of the recorded covenants and all signs must be removed from the property immediately to avoid further action. An inspection of the property will be conducted within the next week to ensure that all homes have complied with removal of signs.
